

iPod Solutions – PC Tuition – Web Design

iPod Solutions

The iPod is the biggest product innovation of its kind in portable music players since the Walkman. Here at MiWorld, we strive to help you realise the full potential of your personal jukebox by identifying key accessories and services to enrich your iPod experience. Let us help you get the most out of your iPod.

MiWorld aspires to be one of the main UK sellers of iPods, accessories, in-car solutions and innovative services. We have met the needs of numerous clients in these areas to date and are dedicated to providing the most appropriate solutions, exceptional service and ongoing support available.

PC Tuition

With over 15 years computer expertise we offer one-to-one tuition in our offices or in your home. We aim to enable our clients to maximise their skills and utilise the capability of their machines. We provide tuition in Word Processing, Spreadsheets, Desktop Publishing, Web Design and much more. We also specialise in setting up and teaching our clients how to best configure their new portable electronic devices such as iPods and digital cameras. Simply call us to arrange a convenient time to discuss how MiWorld can best meet your needs.

Web Design

MiWorld aim to maintain and enhance your corporate identity through the medium of the Internet. It is our mission to extend your brand into the online marketplace, providing a modern, user-friendly website for your business.

It is the customer who is in control in the global marketplace and it is our job to gain their trust quickly, with the fewest clicks of the mouse necessary. From our experience the best websites have clearly-displayed content that is fast-loading, with effortless navigation. With this in mind, we work alongside our clients to design the perfect website.
